Dedication

"The teacher who walks among his followers, gives not of his wisdom but rather of his faith and lovingness. If he is indeed wise he does not bid you enter the house of wisdom, but rather leads you to the threshold of your own mind."

—Kahlil Gibran

For twenty-one years, Mr. Froseth has been teaching mathematics in our high school. Those of us who have been in his classes know him not only as a capable and devoted teacher, but also as an understanding friend, ever interested in the welfare of each student. In sincere appreciation, we dedicate this annual to Mr. H. I. Froseth.

Senior Memories

Following the summer vacation of 1957, our gigantic group of Sophomores, then the largest class in the history of Corona High, blessed the campus with our appearance. We were openly pleased and impressed with our new home.

In the first election, during our Sophomore year, we chose Larry Phipps to head our aspiring group.

As time passed and we no longer found ourselves 10th graders, we realized we were becoming more united and full of class spirit. To suit our mood, we chose Don White to lead us through the Junior year. It soon came time to begin work on the selection of our class sweaters. After much thought, the colors of charcoal-gray and white were chosen. A new first came to C.H.S. when our class chose a name, the OMEGANS. The name means last of a series, and is appropriate as our class will be the last to graduate from the old C.H.S.

Pat Westlake headed our Junior-Senior committee as we presented "CAROUSEL" to the Class of 59.

Finally, when September '59 arrived, we had made it — we were Senior Big Wheels, Class of 60. At the height of our power, Larry Phipps was chosen President of our Mighty Class.

"Seniors, and Seniors only are excused." With these words, spoken by our Student Body President Don White, we knew we were "Full-fledged Seniors."

Our gala prom was one of the most memorable evenings of the year.

The Senior Banquet and Baccalaureate service highlighted the final days as high school students.

Graduation on June 16, 1960 was the final turning point of our C.H.S. careers and the beginning of our days as alumni of C.H.S.

Hi Sweetheart - I love you very much. Gosh we've had fun this year. Exercising our fat! Chewing gum! Playing volleyball! Sitting under the bleachers watching Mike play football! Talking about Glenn Ford - your lover.

I'll never forget you or this year. I wanted you to try out for cheerleader - your tigers were the jazziest! Thanks for being so sweet.

If we don't get gym together next year, I'll complain! And we'll be real neat SENIORS huh! Good grief, I can't believe it. Next year will be so darn neat.

Someday I hope you get to meet Glenn Ford and I know he'll fall in love with you. (Cause I love you) He is so handsome!

I want to see you this summer so lets get together if we can. After tonite (Thurs.) we will be seniors at last. And boy we'll make a lot of memories next year.

Remember the G.R.A. Banquet - that so much fun and I cried when I got my letter. It means a lot to me. I hope you get yours soon.

If you need any help next year, just come to me hon, because you are one of my closest friends. We are gonna do a lot together next year.

Good luck in everything and may all your dreams come true. You're a fine gal with a wonderful personality. Never change Jessie, because I loves ya just like ya are.

Remember Sandy Blair? We had a lot of fun with her didn't we? I'd like to get together with her again.

Goodbye until I see you again as a

BIG WHEEL!

Love Always -

Barbara

Swan Song

"To each is given a bag of tools,
A shapeless mass and a book of rules,
And each must make before life has flown,
A stumbling block, or a stepping stone.

—Anonymous

Last September, our staff with a few tools, sat before a large block of stone, we shall call our Coronal. We had chosen as our theme "Sculpturing" and we began chiseling away on our project with rough blows we might aptly name ideas. We gathered momentum. Our research led us from oriental gardens, through museums, to more exhibits here and in nearby cities. We discovered our local sculptor, Mr. Paul Brockman and he modeled in clay the head of a student. Photographs of this work are used as our division pages. We also found Mr. John Svenson, noted Southland sculptor, whose wood carvings are seen in our book. Mr. Rudy Ramos worked with us on the activities and ad photos. Mr. Jim England, helped us immensely with special photography. Always working quietly in the background, we felt the guiding hand of Mr. Leo Pauly, our faculty advisor.

Our capable staff worked together as a team to meet the deadlines. We had fun with even the smallest details. And as for me, being editor has been a never to be forgotten experience. Here is the product of our labors. Hope you will like it and that it will help you remember 1960 at Corona High.
